**Hannover University, Germany: Residency position in Sport Medicine and Rehabilitation (Small Animal Track)**

The Department of Small Animal Medicine and Surgery, University of Veterinary Medicine Hannover, Germany offers a 3-year ECVSMR standard residency position, starting in November, 2020.

**Team and facilities:** The service is situated within a growing state of the art, multidisciplinary, teaching hospital. The current Sports Medicine and Rehabilitation service consists of 1 EBVS specialist in Small Animal Sport Medicine and Rehabilitation, 1 first year Resident and 2 technicians. On-site facilities include equipment for therapeutic exercises (cavaletti rail, wobble board,...), therapeutic modalities (Class 4 LASER, shock wave, TENS/NMES,...) and an underwater treadmill.

**Duties:** the resident will be trained and work under the supervision of an EBVS specialist in Veterinary Sport Medicine and Rehabilitation. The resident participates in everyday clinical activity and is expected to supervise and teach undergraduate veterinary students.

**Qualifications:** the applicant must be holder of a veterinary degree valid in the European Union, and therefore be able to acquire the licence of working as a vet in Germany and have completed a one-year rotating internship or an equivalent practical experience. Fluent English is mandatory. Knowledge of German is a plus.

**Application:** the application should include a letter of intent and a curriculum vitae submitted at latest on September 14, 2020 to [oliver.harms@tiho-hannover.de](mailto:oliver.harms@tiho-hannover.de)
