<b>POSITION AVAILABLE:</b>	Assistant/Associate Professor of Clinical Small Animal Sports Medicine and Rehabilitation
<b>SALARY:</b>	Dependent on qualifications and experience.
<b>QUALIFICATIONS:</b>	Veterinarian with advanced training in small animal sports medicine and rehabilitation. Board certification in the American College of Veterinary Sports Medicine and Rehabilitation (ACVSMR) or European College of Veterinary Sports Medicine and Rehabilitation (ECVSMR), or completion of an approved residency of the ACVSMR or ECVSMR by August 1, 2022 is required. Preference will be given to those candidates board-certified by ACVSMR. Documented clinical experience and competence in small animal sports medicine and rehabilitation is required. Demonstrated aptitude and experience in teaching, particularly clinical instruction, is required. Documented record of creative scholarship or potential to develop a clinical research program in small animal sports medicine and/or rehabilitation is required. Must possess excellent interpersonal and communication skills and a demonstrated ability to work with others in a collegial team atmosphere. A valid license to practice veterinary medicine in California or a University license will be required before employment (California Business and Professions Code Section 4846-4857; California Business and Professions Code Section 4848.1).
<b>RESPONSIBILITIES:</b>	<p><u>Clinical:</u> The position includes a 70% clinical commitment to the Small Animal Integrative Medicine Service of the Veterinary Medical Teaching Hospital (VMTH). Individual will be responsible for directing, instructing and supervising veterinary students and residents; providing health care and service to in house and referral patients; and advising and consulting with referring veterinarians and clients.</p> <p><u>Teaching:</u> The primary teaching responsibility will be direct daily supervision and instruction of students and residents in the Small Animal Integrative Medicine Service. Other responsibilities include: 1) participation in lectures and laboratories in the DVM professional curriculum; 2) clinical teaching in the Veterinary Medical Teaching Hospital (VMTH); and 3) participation in the graduate clinical (resident) training program of the VMTH.</p> <p><u>Professional Competence:</u> Advance the discipline within the VMTH, as well as locally and nationally, through participation and leadership in providing high quality patient care in the hospital environment. Expected to establish reputation for clinical excellence locally, regionally and nationally, depending upon level of appointment. Must demonstrate clinical competence and be recognized for accomplishment in a focused area of clinical practice.</p> <p><u>Creative Scholarship:</u> Faculty are expected to advance the clinical discipline through creation and dissemination of new knowledge with documentation in peer-reviewed publications. Creative/scholarly activities are required for individuals in this series, but in view of the increased responsibilities for clinical service and teaching, the type of scholarly activity may focus primarily on integrating/improving clinical care, conducting clinical research studies and/or improving veterinary medical education.</p> <p><u>Service:</u> University and public service through committee work, participation in professional organizations, continuing education and other appropriate means is required.</p>
<b>APPLICATION PROCESS:</b>	To receive fullest consideration, applications must be submitted by <b>8/29/22</b> . Position is open until filled.
